

Locke loves Furry Guests.

The Small Print.

When staying at Locke with my pet, I agree to the following:

- I will keep my pet on a leash when in public spaces.
- I will keep my pet away from food and beverage areas
- I will not expect a Locke team member to access my room if my pet is left alone
- I will hang the 'furry guest in room' hanger from my door throughout my stay
- I will not leave my pet alone and unattended in my room, without notifying a House Host
- I will ensure there is no noise and disturbance to other guests caused by my pet
- I confirm my pet has up to date vaccinations, is healthy and is free from ailments such as ticks (I understand that I may be asked to produce a proof of vaccination in a form satisfactory to Locke).
- I will pay any required additional cleaning bills or repairs
- I understand that if the presence of my pet causes undue distress to other guests or team members, or I do not abide to any of the above, Locke Hotels may require me to end my stay before my check-out date
